

Steel Work on Bridge Finished Men Go Away

The steel work on one of the outstanding new steel bridges on the American continent has been completed across the Hagwilget Canyon, Bulkley River, New Hazelton. Baynes & Horie, Vancouver, the pioneer general contracting firm of British Columbia, did the work on contract with the public works department of the province.

This bridge is a steel suspension with concrete abutments set in solid rock. The structure is 675 feet long and is 260 feet above the water at medium flow. A million pounds of steel and cable and 6 miles of 1 1/2 inch wire rope were used.

Work was started by Baynes & Horie the first of March and the job was finished June 1st, exceptionally good time when the nature of the job is considered. To begin with temporary towers 100 feet above the cords had to be erected in order to get drift to handle the steel.

The work was carried through without an accident, which is remarkable when the dangerous nature of the work is considered. For this much credit is due Mr. Alfred Horie who personally took charge of the erection and remained on the job every working hour for the two months.

Chief Inspector of Bridges A. L. Carruthers recently inspected the Hagwilget bridge and expressed more than ordinary satisfaction with it. Designing Engineer Duncan, Victoria, designed the bridge and O. W. Smith is the resident engineer, and to them is due the credit for the beauty of design, the permanency of construction and the perfect adjustments when erected.

It will be some weeks yet before new bridge is open for traffic. The public works department will lay the floor, bind the cables, paint the bridge fill in the cable locks with concrete complete the approaches and clean up afterward.

There is an interesting history connected with the bridging of the Bulkley river at Hagwilget, near New Hazelton. The canyon is one of the chief points where Indians catch salmon. Many years ago they felt the necessity of crossing back and forth over the boiling waters. Two bridges were erected at different times at the lower end of the canyon and just a few feet above the water. High water took them both way. Having accustomed themselves to crossing the canyon the Indians decided to erect a heavier wooden bridge across the narrow neck at the upper end of the canyon, and a true type of suspension bridge was thrown across, and this structure was used for many years, both by the Indians and whites. It was the main artery from the head of navigation on the Skeena to the Bulkley Valley.

Northern British Columbia began to develop, and at a rate too great for the old Indian bridge to handle the traffic. Another bridge was decided upon to cross the Bulkley on a high level grade and thus avoid all hills to and from the bridge. A steel bridge with wooden towers was erected. This served for a dozen years and many car loads of cedar poles and many thousands of tons of ore were carried over it. But the country developed faster than was anticipated, and the wooden towers also began to rot. The bridge had served its purpose, and was declared dangerous by the provincial engineers.

Then the provincial government decided to construct a permanent bridge and of a size to handle all traffic for the next half century. This is the

bridge now being completed. It is situated just along side the first steel bridge.

The new Hagwilget bridge will be one of the attractions for the tourists to the north. It will be the beginning of the great auto road to the Yukon and Alaska, and it will be the main traffic bridge connecting the Kispox and the north Skeena Valleys with Canadian National Railway at New Hazelton. Baynes & Horie, Vancouver's pioneering construction contractors, have thus left their mark in the north and again won the title of "the pioneers."

Mr. McDonald plays every year in the big C. N. R. golf tournament held at Jasper.

TAKING THE INDIAN CENSUS

Estimated that 2,500 Natives will be Enumerated in the Babine Agency Which Includes Kitwano-cool to Babine Lake

Indian Agent G. C. Mortimer and his assistant, S. Mallinson, together with Corpl. Berger and staff of the R. C. M. P., started Monday morning taking the census of the Indians in the following reserves:—Kitwano-cool, Kitwanga, Kitsegucia, Hazelton, Glen Vowell, Kispox, Kisgagas, Kuldoe, Moricetown and all the reserves on the Babine Lake. It is estimated that approximately 2,500 Indians will have to be enumerated, together with 150 farms. About the middle of June Indian Agent Mortimer and Corpl. Berger will make a trip to Babine Lake.

HE LIKES THIS COUNTRY

W. M. Horie, Vancouver, father of Mr. Alfred Horie of the firm of Baynes & Horie, who has been in charge of the steel erection at the Hagwilget bridge, arrived last Wednesday evening and left again Thursday morning. In the meantime he inspected the bridge with his son he covered considerable neighborhood by car and he pronounced everything very good. It was the first visit of Mr. Horie to the northern part of the province. He is greatly taken with it and stated to the Herald that he would shortly get Mrs. Horie and return to the north for a more extended trip. He had no idea of the nature of the climate, the long sunshine of the days, the bright moonlight of the nights, the quality and extent of the agricultural lands, or of the grandeur of the scenery. He was thoroughly satisfied with the job that has been done in erecting the steel for the new bridge.

OH, YOU SUNDAY PICNIC!

Summer has arrived! We have been on a picnic joy of every man's heart. Leave a perfectly comfortable home where green lawns, blooming flowers, bumbling bees, singing birds, hammocks and cool waters are in abundance, take a long dusty drive in the scorching sun, stop in an open field devoid of trees or shade, but covered with sticks, stones, ash heaps and the refuse of previous campers and picnickers, and there go to work preparing a fire fire to cook the fish the girls are going to catch. We have been on those trips before, so this time took along a piece of ham as a substitute for the uncaught fishes. We ate ham for supper. Sitting in the sun and wind and smoke and ashes, we ate ham and biscuits between bites of mosquitos, ants, flies and reptiles of various species. Then perfectly dirty and greasy, bitten and itchy, we drive home to comfort and something to eat. "Oh, it was just lovely, and we enjoyed it so much."

A Golf Course Mission Point Is Under Way

The Hazelton Golf enthusiasts had Donald McDonald a professional golfer of Winnipeg, who spent the week end in the district on a fishing trip, look over the Mission property at Mission Point, as to prospects for a golf course. He assured them that they had a natural and an ideal site. The Hazelton golfers engaged his services for Monday, June 1, when he laid out a full nine hole golf course in detail, with the assistance of an engineer. The property on both sides of the road was taken. Blue prints will be out in a few days.

Mr. McDonald has laid out numerous golf courses throughout Canada, and also assisted with the famous course at Jasper. He considers that with a minimum of labor and expense that the Mission Point course will compare favorably with any other of the size in Canada. It is a wonderful location, only a few minutes walk from town and with an alpine setting and flanked on two sides by the Bulkley and Skeena rivers. He considers the 5th hole the sportiest one in all Canada and will try the skill of the best golfers, and that the 8th hole is a bad baby.

Dr. Wrinch is now making arrangements with the Mission Board for the establishment of the golf links, also with B. J. Shea who has a lease on the property. In the meantime the golfers are organizing a club. When the work committee has been appointed and permission secured to use the grounds the field will be put in shape for playing as soon as possible. This new sporting adventure on the part of the Hazelton golfers should prove to be one of the big assets to this district not only for the local people, but for tourists to the country, most of whom carry their golf sticks along with 'em.

TO TAKE A MILITARY COURSE

Arthur Wrinch arrived home last Thurs. from the Royal Military College at Kingston where he completed a four year course. He will be at home until about the middle of July when he expects to go to Camp Borden to begin a five year military course. There will be a year at Camp Borden with the signallers, two years at McGill or Toronto University and two years at Camp Borden. After he has completed that course he will decide on whether to continue a military career or to take up electrical engineering. During his studies he has and will continue to specialize in this subject.

LAND SEEKERS WERE HERE

Three men from Montana arrived in New Hazelton the first of the week in an old Ford that has seen much country and done noble duty. They are looking for land to locate on and stated in New Hazelton that this district was by far the best they had yet seen. They were bound for Alaska to see that country before they settled down again. Speaking of conditions in the United States and particularly of the section from which they came, the travellers said 'twas indeed tough in Montana and many were getting out. They said the Alaska-Yukon highway was being much talked of at all points in the United States where they had been, and some people think that the road is now under construction.

Flower Show is Being Prepared Officers Elected

There was a good attendance of a meeting of the Hazelton Horticultural Society held in the school house in that town on Monday evening last. Vice-president Mrs. R. S. Sargent was in the chair and the minutes were read by secretary Wm. Grant. The report of the treasurer was also read by Mr. Grant and was adopted. The officers for the coming year were elected as follows:—President, R. S. Sargent, Vice-President, L. B. Wrinch, secretary-treasurer, Wm. Grant; executive committee—the officers and Mrs. Sargent and Mrs. Anderson.

The question of other organizations amalgamating with the Horticultural Society was introduced and discussed and referred to a committee to report on to a future meeting.

It was decided to carry on the annual flower show this summer and a date will be announced later.

TAKING CANADA'S CENSUS

Census takers all over Canada got busy on Monday morning last, even in this section, taking a complete census of the population and all their belongings and effects. There are many thousands of workers, and there are many thousands of questions being asked and answers secured. When this army of workers have finished at the end of the month and when their reports get to Ottawa, the government of Canada will have complete information as to the visible assets of the Dominion. The census is really a nation taking stock of itself.

MOTORED FROM TORONTO

Dr. R. G. Large of Port Simpson and Prince Rupert, was in town Saturday last accompanied by the brother and sister of Mrs. Large who had motor from Toronto with a new car for Dr. Large. They report having a most wonderful trip across the country and found it getting to be a better country the farther west they got. They spent the night in Hazelton and on Sunday shipped the car to Rupert and proceeded to the coast by train themselves. Dr. Large met a number of his old friends here who were very glad to see him. He met his brother-in-law and sister-in-law at Kamloops and motored to this part with them.

WILL QUESTION NORTHERNERS

P. J. Ryan of Prince Rupert, one of the real old timers, arrived at Hazelton on Saturday night and will begin from there his duties as census taker. He will do the far north country and along the telegraph line. He will not get many names or farms, but he will get lots of experience. Horses, and canoe will be his mode of travel when he is not walking or swimming across rivers. Paddy has never been up in the interior before and he was greatly in love with what he saw around the local district. He will see more and know more about northern British Columbia in the next four weeks than he ever dreamed existed before.

There was a frost of 10 degrees on Monday night, the coldest it has been for a long time. At five o'clock Tuesday morning the ground was white with frost, almost like late fall. The early sprouts and other ambitious vegetables got hurt, but reasonable stuff has not suffered.

Arrangements Are Under Way Bridge Opening

The executive committee of the New Hazelton Citizens' Association was held on Tues. night when arrangements were advanced for the opening ceremonies of the new steel bridge over the Bulkley river at Hagwilget. It is expected that the bridge will be in shape for traffic about the middle of July, and as soon after that date as it is convenient for the speakers, the opening will take place, although the structure may be in use before the formal opening. New Hazelton has invited Premier Tolmie and members of his cabinet to participate in the functions and the date is to be made to conform with their trip through the interior. In addition to what will be arranged to take place at the bridge there will be a grand ball in New Hazelton in the evening with full orchestra, etc.

As the new bridge means so much in the life of New Hazelton, and as it will be the starting point for the Yukon-Alaska highway, which branches off from the Pacific highway at New Hazelton, the citizens of this town intend to show the provincial government its appreciation of that bridge. An invitation will be extended to all the district to join with New Hazelton in these festivities. As time goes fuller details will be given.

THE SMITHERS SWEEPSTAKE

There was quite a number from the local district took in the dance in the Smithers hall on Tuesday night. The affair was held under the auspices of the Elks and the drawing for the big sweep stake was to take place, and did take place. Numbers were drawn but the owners of those numbers were not announced and will not be announced for one week. There was a great crowd present, the hall being packed, and of course most of the people were disappointed that the names of the winners were not announced.

The sweepstake was operated for the benefit of the Smithers hospital.

SUNDAY AT GLEN GOWRIE

Sealy Lake was quite a favorite spot last Sunday, especially for folk from Smithers. Mr. and Mrs. J. G. Stephens and a party of seven were guests for the day at Glen Gowrie R. C. Davidson and Bob Evans, and their guest, Donald McDonald of Winnipeg, a professional golfer, who has been at Jasper, were also at the lake. The party got some fish, all they wanted, and then had a real outing, including boat racing and how they made a "hole in several" the last time they played golf at the Smithers course. Mr. McDonald spent a few days at Smithers coaching the boys in the mysteries of the game.

ELECTING A COUNCIL

The Kispox Indians held a meeting on Tuesday to elect a council for the village. The council will have control over the Indians of the village and of their affairs. It is expected that one of the benefits will be to do away with potlatching. Another aim is to encourage the natives to be self-supporting and not rely on the government for maintenance. The Kispox Indians can be self-supporting if they apply themselves and many of them are and have been for some little time. They are a pretty good lot of people.

\$48.85
Round Trip
from Vancouver
or Prince Rupert

Low Summer Fares
May 22 to Oct. 15
Round Limit, Oct. 31

... said by the travel-wise to be the finest scenic vacation in all Canada.

1300 miles of de luxe transportation by rail, through such famous country as Jasper Park, Yellowhead Pass, Rainbow Falls, Continental Divide, Mt. Robson, Fraser Valley.

To the north and westward lie the Skeena River and totem-poled Kitwanga districts... wild, weird and packed full of interest. Between Prince Rupert and Vancouver is a pond-smooth, 600-mile cruise through the mountain-rimmed Inside Passage.

Nowhere such sight-seeing! Nowhere such variety for so few travel dollars.

Plan now. Ask for booklet and information about "Golf Week" at Jasper, Sept. 12 to 19. For information call or write Local Agent, or write R. F. McNaughton, Prince Rupert.

JEFF AND HIS NEW BOAT

Jeff Woodall of the C. N. R. engineering force, and an expert fly fisherman, who frequents Seely Lake every opportunity offered, and any other creeklet, streamlet, riverlet or lakelet where he happens to be at night fall, has a new boat on Seely Lake. It is some boat, built at the Prince Rupert dry dock and superintended by the general manager himself. It is 14 ft. one way and 4 feet another. The amount of water it draws has not yet been ascertained as it was built to draw fishes. The best of materials were used in its construction and it had a bath in boiling oil and all. It

or she, arrived on Sunday, May 24th, the day set for the launching and it was carted off to the lake in triumph for the trial spin. But the train boys forgot to unload the oars. There was a delay in the ceremonies for 24 hours when the oars arrived on the return freight. Again Jeff and his friends betook themselves to the lake, but upon arrival found they had left the oars behind. That was the holiday all shot and no trial spin. But Jeff's work kept him in the neighborhood for one more day and on Tuesday evening after supper the boys again went to the lake with the oars and oar-locks and all set to see the new boat do its stuff. But it was not to be. Jeff

had the wrong key and could only unlock Wm. Gow's old boat. Business called Jeff east and it is hard to say when he will be back this way again. But the boat is still on the lake.

WEDDED AT HOUSTON

Wedding bells rang at the Watson ranch near Houston last week when Miss Cora Constance Watson, eldest daughter of Mr. and Mrs. C. H. Watson became the bride of Angus W. Kerr, son of Mr. and Mrs. A. C. Kerr, of Arnprior, Ont. The service was conducted by Rev. L. J. Hales of the Anglican church, Smithers. The newly married couple will make their home at Quick.

PREMIER AND HIS CRITICS

Dr. Tolmie is back in Victoria. He has heard a lot of the stories circulated while he was away on public business. He has given his answer to a lot of them and has denied many of them, which, by the way, the public knew to be false, or at least far fetched anyway. The Premier is opposed to any convention at the present time and he told the malcontents where to get off at. He strongly favors weeding out of the party the disloyal and disgruntled members and to recognize only a solid body of those who were in favor of good government. The Premier does not like Liberals parading in the garb of Conservatives.

CHANGE STYLE OF SPEECHES

In the not distant future we will receive a visit from cabinet ministers and from the leader of the opposition. These gentlemen are always welcome especially in a frontier country, and it does not matter much whether the particular visitor is in the government or wanting to get in. Both sides are well supplied with a lot of supporters.

We like to hear the speeches, or most of them. But we would like to give these speakers a hint, we are not presuming to tell them what to do, but just hint at what the people would be glad to hear, and that is, what are the respective platforms for the next session of the Legislature or for the next general election. Times are not good, and the country needs developing, in spite of the local member's opposition to good roads and the Yukon-Alaska road, the very thing that would bring good times back to northern British Columbia quicker than any other one thing. The men and women want to know what is going to keep them next winter and the following winter.

Everyone knows how wicked the old Tories are and have always been, and everyone knows how bad the Liberals are and what a mess they made of the province during the dozen years they were in power. We believe the people of the north would forgive the politicians if they got away from that old stuff of tearing the other fellow to bits, and give a real talk on what is proposed for the future and what they have on hand at present.

Hon. Mr. Hinchliffe, when talking on education, made a great hit and he restored confidence in the Tolmie government. Had it been election time he would have made votes. But when he talked ordinary politics, as he did at one or two specially called political meetings, he did not take so well. As an educational talker he is good and while he had to tell the people about the new one per cent. tax, he made them like it. Nasty medicine is not bad to take if properly put up.

Here and There

Admiral Earl Jellicoe, hero of the battle of Jutland, will open the Toronto Exhibition next August. He will be a passenger on the "Duchess of York."

More newsprint paper is made in Canada than in any other country. In 1930 Canada manufactured 2,504,000 tons or 86 per cent of the world production of newsprint paper.

Thirty-eight lakes in the district of The Pas are being commercially fished today as against 18 two years ago. The catch was 2,175,000 pounds of fish in 1930 as compared with 1,400,000 lbs. in 1928.

Sixteen countries have so far accepted the invitation of the Canadian Government to send official representatives to the World's Grain Exhibition and Conference to be held at Regina, July 25 to August 6, 1932.

Foxes on the ranches in Prince Edward Island are getting Vitamine D in their diet, through the medium of fish. Twice a week sun-dried herring are fed to the foxes on the ranches. The animals are thriving on this new diet.

Band Yoho and Kootenay national parks in the Rockies are a little to motorists in a continuous loop route at the cost of a \$2 licence fee. This opens up 400 miles of fine travelling in unrivalled scenery with a total park area of 3,679 square miles.

A Calgary man has won the cheque for \$500 offered for the best slogan in the contest just closed by the management of the World's Grain Exhibition and Conference to be held at Regina, July 25—August 6, 1932. The slogan was: "Show what you grow and share what you know."

The English Association Football team, representing many of the best soccer teams in the Old Country, which will tour Canada, playing games in the major cities of the Dominion during the next two months, arrived at Montreal on board the Duchess of Atholl, May 23.

Radio continues to grow in popularity in Canada. Licensed receiving sets at the end of last March totalled 514,701, an increase of 90,555 over the number registered the previous year. Figures for the year to March 31, 1931 represent a set for every 19 of the population.

Included in the brilliant passenger list that will feature the maiden voyage of the Empress of Britain, 42,500-ton flagship of the Canadian Pacific Atlantic fleet, at the end of May, will be Lord Rothermere, great English publicist and owner of a string of British newspapers, including the London Daily Mail.

Representative French railway experts touring this country and the United States, recently made a thorough inspection of Canadian Pacific transportation facilities, steamships, hotels and terminals, gathering a considerable body of information with a view to renewal of material and equipment on the Chemin de Fer du Nord, in France.

Empire Day, held this year on a Monday, made a long week-end holiday. In every part of the Dominion, holiday-makers took advantage of the new low week-end fares, recently inaugurated by the Canadian Pacific Railway, charging fare and a quarter for return trips to any point in the country. This reduction is in force everywhere in Canada every week-end. (739)

A certain old lady was so concerned about one of the villagers who was unable to write, that she persuaded the village schoolmaster to give him some lessons. Some time later she met the villager and said to him, "Well, George, I suppose you are now able to read the Bible fairly easily?"

"Lor, bless you mum," he replied, "I was out of the Bible and into the sports Page over a week ago!"

Stern Parent—"Willie, I'd like to go through one whole day without scolding or punishing you."

Will—"Well, mother, you have my consent."

Terrace Notes

F. Walton, C. N. R. Roadmaster was a visitor in Town on Friday.

Born—In Terrace on Sunday May 31st, to Mr and Mrs. Gordon Nelson daughter.

H. Patchett, Vancouver, was among our business visitors the end of the week.

Joe Spitzel of Prince Rupert, spent the week-end in town renewing

friendships.

A. C. Small, of Prince Rupert, was a business visitor on Tuesday.

S. Hawkins of Smithers, spent a day in town early in the week revising the voters list.

O. Finley was among our business visitors the end of the week.

A. A. Macdonald of Usk, spent the week-end in Town.

Born—On Sunday morning, May 31st, to Mr. and Mrs. Dr. Mills a son.

R. S. Sargent, Hazelton, was a business visitor in Town on Tuesday.

John Garland of Kulum Lake, spent several days in Town the end of the week.

Rev. H. Allen returned home on Saturday, after being absent for three weeks in Vancouver, where he attended the United Conference. Mrs. Allen and son, remained to visit her parents

TERRACE HOSPITAL BOARD

More Money Needed to Wind up The Year's Business—To Elect Officers in August

The annual meeting of the Terrace Hospital Board was held on Friday night in the Blue Room. H. Halliwell presided. Dr. Mills presented the annual report stating that the X-ray machine had been used 14 times and had proved satisfactory.

A. McLeod presented the auditor's report for the past two years. Income and balance on hand totaled \$1278, with expenditures of \$1378, and a credit of \$80.10, and local store was also due to the board. A number of accounts were outstanding. To meet these about \$100 was needed over the bank balance.

As the present board was reluctant to leave office with money to raise to clear off indebtedness the election of the new board was postponed pending the meeting of the adjourned annual meeting on August 21st. During the interval efforts will be made to raise the necessary money to wind up the years' activities without debt.

TERRACE WON BALL GAME

The Terrace Baseball Boys added another two to their long list of victories, when they beat the Bridge Builders team in games played here on Tuesday and Friday evenings. The 3-2 score registered on Tuesday seems to indicate that it was a close game, with few errors. On Friday the boys took a firmer grip on their old bats and piled up a score of 27 runs against the mere 13 of the bridge boys. The games provided good practice for our local team, and more than a little amusement to the fans.

J. Hawkins of Edmonton, was a business visitor on Thursday.

We are pleased to report Mrs. Dix is making a good recovery after her recent operation in Prince Rupert Hospital.

Mr. and Mrs. Warbeck and daughter, of Prince Rupert, arrived on Saturday, to look after the interests on their ranch here.

H. C. Gibbs G. Whyte, C. McPhee, J. Balkin and Mr. Neish of Vancouver were business visitors during the week.

Mrs. Northover and daughter who have been spending a holiday at Kulum Lake returned on Saturday to continue the holiday, with her Mother.

Mr. D. L. McNeill and son, Donald left Sunday for Vancouver where they were called owing to the death of his brother following a long illness, results of the world war. The sympathy of the community is extended the bereaved family.

Mr. McKenney left Sunday for Vancouver on a business trip.

Mrs. A. C. Head, was a bridge hostess on Wednesday evening last, when she entertained three tables of Ladies. The prize for highest score was won by Mrs. Geo. Dover, while Miss Jamie Donald took home the consolation.

Mrs. Elvitt, of Prince Rupert, who has spent the past ten days at the "Crossways", the guest of R. L. and Mrs. McIntosh, returned home Tuesday.

Miss Ruby Llewellyn who has been spending a holiday at her home here, returned to Prince Rupert Tuesday.

Miss Doris Robinson, who has been convalescing at her home here after a recent operation, returned to Hazelton Wednesday, to resume her duties as Nurse in training, in the Hospital there.

Wm. Robinson and W. Chapman were visitors to Prince Rupert last week, where they were completing arrangements for taking the census, work to begin this week.

The ideal weather conditions has transformed the local gardens into real beauty spots and trees are at the best. There are many idle men who may feel their pockets rather empty but the surroundings show no signs of suffering. The motorists complain of the main roads, side roads being used to escape them. This condition may improve later in season.

Mr. Y. Kalsford of Prince Rupert was a week-end visitor in Town.

The week-end weather was ideal here and as a result many picnic parties as well as camp owners, and families spent Sunday at Lakelse Lake. The water was warm for bathing and all enjoyed an ideal outing. Lakelse promises to be a very popular summer resort again this season. The road to the Lake is in good shape which makes a pleasant motor trip.

Three Terrace municipal affairs are to be well aired. In connection with the charge against former clerk H. H. Halliwell some thirty witnesses are to be called, some of whom are away in other parts of the province. Both sides have engaged counsel and it is expected to be a fight to a finish.

Rev. H. T. Allen, B.A., B.D. pastor of the Knox United church, returned to town on Saturday after attending the annual conference of the United Church at Victoria. On Sunday evening he gave a report of the proceedings of the conference.

RECIPE FOR A RANGER

First get a big kettle and a fire that's hot,

And when everything's ready, throw in the pot,

A doctor, a miner, of lawyers a few;

Add one sheep herder and a cowboy

or two,

Next add a surveyor, and right

after that

A man with good sense and a good

diplomat;

At least one stonemason, and then

give it a stir,

And add to the mess one good

carpenter;

A man that knows trees, and don't

leave from the list

A telephone man and a fair botan-

ist.

The next one that's added must be

there, that's a cinch,

It's a man that will work and not

stand and roar,

Who can do ten thousand things

and then a few more,

Now boil it up well and skim off

the scum,

And the Ranger you'll find is the

residuum.

Caller—"You report me as saying that I knew no more about the matter than I did about riding Greek goats."

Editor—"Yes, sir. Wasn't that what you said?"

Caller—"Certainly not. I said 'writing Greek Odes'."

The mounted police of Hazelton are

sporting a brand new car to make the

work easier and more efficient.

Here and There

In 1930 a total of 9,272,480 cans of vegetables, exclusive of soups, were packed in Canada, an increase of 3,646,332 cans or 64.8 per cent. over the 1929 pack.

The annual harvest of maple sugar and maple syrup is now well under way. Last year total cash value of these products in Canada was \$5,250,620. Most of it comes from the province of Quebec.

"It's a long way to Mool River," crowed six lusty cockerels on the railway platform at Nanaimo recently. It was their first transfer on a 50-day journey from Vancouver Island to Mool River, Natal, South Africa.

In figures drawn from the provincial government statistics, it appears that motor accidents at level crossings during 1930 total only 1.0451 per cent. of all automobile accidents occurring in the Province of Quebec in that year.

Vanishing cream as a material to improve the complexion of grain kernels will not be tolerated in competitive classes of the World's Grain Exhibition and Conference to be held at Regina in 1932, the Canadian Seed Growers Association announces.

About the end of April, wheat harvesting will begin at the Canadian Government Experimental Farm at Ottawa—in greenhouses. These have been built to complete two years' research work in one year and as a result, "we are two years ahead in our work," said L. H. Newman, Dominion Cerealists, recently.

Installation by the Canadian Pacific Telegraphs of a new telegraph carrier system between Toronto and Windsor, increasing telegraph facilities by ten two-way channels, has recently been put in operation. It also provides Windsor and Walkerville with a direct circuit to Montreal over the new carrier system.

Marine history was made when members of the British Royal Academy were commissioned to decorate the interior of the Empress of Britain, 42,500 ton giant of the Canadian Pacific Atlantic fleet, which will make her maiden voyage from England to Quebec in May next. Sir John Lavery, Sir Charles Allom, Frank Brangwyn, W. Heath Robinson and Edmond Dulac were some of the artists.

Addressing the combined Board of Trade and Empire Clubs of Toronto recently, E. W. Beatty chairman and president of the Canadian Pacific Railway, pointed out that the total tax bill of his railway from incorporation to 1929 had been \$105,813,944, while the total value of the original Government contribution to the railway in cash, land and completed sections had been \$91,118,827.

The Strathmore Supply Farm, operated by the Canadian Pacific Railway, won the first five places in all Canada for highest milk production in 1930 for 4-year-old cows; three-year-olds took first and third places; and 2-year-olds took first four places. In the mature class the Farm took second highest milk record. The figures were issued by the Livestock Branch of the Dominion Department of Agriculture. 724

Mr. Utterstrom and his brother motored from Seattle to Hazelton the first of the week and from there they will continue their journey into the far north by pack train. They are all equipped with the necessary machines to take moving pictures of wild animal life in Northern British Columbia. They have with them 15,000 feet of reel.

A number of people are expected up from Smithers for the ten and dance on Fri. night.

Alfred Horle of the firm of Haynes & Horle, expects to leave for the south in the morning, he having completed the contract for erecting the steel on the new bridge across the Bulkley.

Mrs. Geo. D. Parent returned home last Sunday morning after a trip to the east.

Last Monday morning the public works department opened the camp at the new bridge for the accommodation of the men employed on the finishing of that structure.

The executive of the Skeena Conservative Association is meeting in Hazelton this evening.

Mrs. W. W. Anderson and Vivian Chappelle left this morning with Mrs. Utterstrom, by car for Vancouver.

Jack Sargent is expected home on Wednesday night after completing another year at the University of British Columbia.

The engagement is announced of Catherine Frances, daughter of A. M. Johnson, K. C., and Mrs. Johnson, of Victoria, B. C., to Leonard B. Wrinch, M. B., son of H. C. Wrinch, M. D. The wedding will take place in June.

Paul McMasters is back again as foreman in charge of the work on the Hagwilget bridge. He was in charge of the preliminary work and of building the abutments, stretching the cable, etc. He spent the winter in the south and will now see the finish of bridge carried through.

A number of people are expected up from Smithers for the tea and dance on Fri. night.

Slim Nicholls of South Hazelton is on another trip to Okala for three months. He had only been back a couple of months, but he was found on the Indian reserve in a condition contrary to rules and regulations.

Mr. and Mrs. C. W. Dawson spent the week end in Smithers.

The first wild roses this year were noticed on Sunday in bloom by those who knew where to look for them. By next Sunday the country should be a mass of pink bloom and should remain that way for a couple of weeks.

The Indians of Hagwilget have this year put more land under cultivation than ever before in the history of that reserve. Between 80 and 90 acres are now in crop.

Edward Bolton of Vanarsdol, an Indian boy who had his leg broken and a big hole made in the flesh in an accident at the Vanarsdol saw mill last Monday, was admitted to the Hazelton hospital that evening. Poisoning set in and the young man died on the Saturday. His remains were shipped to Vanarsdol on Sunday for burial.

Mrs. S. H. Senkpiel has been a patient in the Hazelton hospital the last week. She expects to be home next week.

Several ladies were down from the railway and golf town last Thursday and played a return bridge game with the Hazelton ladies at the home of Mrs. Anderson. The visitors were Mrs. Porteous, Mrs. Clay, Mrs. Warner and Mrs. Bamford.

Telkwa Tales

Gus. Timmermeister left for White Horse Thurs. in connection with Mining operation near there by the Guggenheim interest.

Ed. Owen left Saturday night for Mayo Clinic, Rochester, Minn. for medical attention.

E. M. Hoops, left this morning to cover his district taking census. This district extends from Mud Creek to the Eastern boundary of Skeena Riding, excepting the Village of Smithers.

Despite slow business condition, conditions along Main Street seem to be looking up, the paint brush has been applied to the Hotel and several stores, making a much improved appearance.

Crop indications in the Valley thus far are decidedly favorable. Timothy shows fair growth, where not burned out by last summers drought, spring crop of wheat and oats are showing considerable promise, at present, but continued dry weather and high westerly winds are causing some worry.

The first Baseball game of the season was played Sunday afternoon between a Smithers team and the local nine. Both teams showed a decided lack of practice, and the pitching stuffs rather weak, although they will no doubt show considerable improvement with regular work.
